

ACTIVITY DESCRIPTIONS

WATCH IT - All through the day there are live performances at the IncludFEST Hub where you can take time to sit back and be entertained. The flat grass space adorned with blankets offers lots of space for everyone so you can choose how close or far away you would like to be from the action. This space has someone making announcements before each performance and also sharing information about other activities happening across the festival.

BE IT – Each of these activities are all about joining in and having a go alongside others but importantly they offer the choice for you to join in as much or as little as you wish. Activities run for a set amount of time and take place in a set space which includes a Gazebo for some activities. The activity will have a leader or group of leaders who will guide you and the others attending through the activity.

MAKE IT – Each of these activities are done individually and you choose how you ‘make it’ and how long the ‘making it’ takes. Activity takes place at a table either in or close to a Gazebo. The activity will have a leader who will be able to show you what you are making and how to ‘make it’.
